DUAL

Aviation Products Liability

DUAL provides liability insurance specifically to protect companies that manufacture products for aviation and aerospace.

Our comprehensive cover is a standalone policy designed to de-risk your clients' exposure in these specialist lines of business.

Risk appetite

- Civil products
- Military products
- General aviation products
- Aerospace products

Key features

- Aviation liability wording
- Standalone product – no need to add commercial combined covers
- Ability to write in conjunction with our engineering and manufacturing offerings
- Grounding liability included as standard – covers financial compensation and investigation costs for airline operators following an occurrence due to the manufactured product
- Working-parties liability – covers the public liability risk associated with airside work
- Working-parties liability can be extended to include personal injury – covers damages awarded to a third party following the action of the insured or their employee while working airside or on an aircraft
- High limits of indemnity available

What you can expect from DUAL

- A-rated security
- Contract-certain terms ready to send to your client
- Fast response and swift turnaround
- Experienced underwriters with specialist industry knowledge
- Premiums from £3,000 +IPT
