

DUAL

Contractors All Risks – Project

DUAL brings together all the elements of building project – contract works, liability, existing structures and more – in one policy.

We believe ours is the most comprehensive insurance solution in the market – in one complete package.

Our knowledge of construction means we can include a combination of covers – as well as theft excess discounts – that you won't find elsewhere.

Key features

- Cover can be issued in the name of the employer or contractor, or in joint names
- Northern Ireland risks considered
- Option to include:
 - Plant
 - Existing structures
 - Public liability
 - JCT 6.5.1
 - Advanced loss of profits/rent or delayed start-up
- 50% off theft excess - DUAL DNA+ included with any policy that covers own plant

Risk appetite

- Builders, developers and project employers
- Non-renewable UK residential and commercial building projects
- Building projects up to a 60-month contract period
- Contracts with values anywhere between £100,000 and £16m

What you can expect from DUAL

- Exclusive quotes, with each risk assessed on its own merits
- A-rated security
- Fast response and swift turnaround
- Experienced underwriters with specialist industry knowledge
- Premiums from £500 +IPT

DUAL DNA+

We now include with your DUAL insurance policy your very own DUAL DNA+ forensic coding system.

Forensic coding is a powerful deterrent to thieves and reduces the risk of theft, which is why we'll reduce your theft excess by 50% if you use it.

Each dispenser of DUAL DNA+ contains a fluid with thousands of microdots in it, each with a unique alpha-numeric code, which is already registered to your business. All you need to do is apply your forensic code according to the guide and display the warning signage to your property and assets.
