DUAL DNA+

We now include with your DUAL insurance policy your very own DUAL DNA+ forensic coding system.

Forensic coding is a powerful deterrent to thieves and reduces the risk of theft, which is why we'll reduce your theft excess by 50% if you use it.

Each dispenser of DUAL DNA+ contains a fluid with thousands of microdots in it, each with a unique alpha-numeric code, which is already registered to your business. All you need to do is apply your forensic code according to the guide and display the warning signage to your property and assets.
